PROFESSIONAL DETAILS

● Objective
A highly disciplined and hard-working individual looking for a responsible career opportunity where I can utilize my practical technical knowledge, management skills, leadership qualities to make my best contributions towards the organization and subsequently gain good experience.

● Project – Restaurant Billing System
COMPLETED
Languages Used - Python, RDBMS
The idea of this project was to build a simple interface to create a new order and print the bill for the same. Additionally the restaurant owners can create sales graph for post sales analysis.

● Project – Web Application for Efficient Payments And Billing System
ONGOING
Making payments easier and billing efficient by using cloud computing.
